

Adding Green Energy to Life, Value to the World

SoyutWind100-25

Generate Your Own Energy
Reduce Costs and Increase Productivity

SoyutWind100-25, with a rated power of 100 kW and a rotor diameter of 22 meters, delivers an impressive energy yield. Its design ensures long-term advantages with minimal operational costs throughout its entire lifespan.

► The turbine is engineered to achieve high power output while maintaining low noise levels, and it begins generating electricity at wind speeds as low as 3 meters per second.

Key Benefits

► Proven and Efficient

Our Permanent Magnet Generator (PMG) technology optimizes energy capture, outperforming traditional geared turbines, and significantly reduces maintenance expenses by eliminating costly repairs.

► Tailored for Low to Medium Wind Conditions

SoyutWind100-25 is specifically engineered for sites with low to medium wind speeds, performing optimally in areas where the average annual wind speed ranges between 5 and 7.5 m/s.

► Highly Reliable

Reinforced blades and compliance with the stringent IEC 61400-1 design standards ensure exceptional reliability, allowing the turbine to endure extreme weather, including hurricane-force winds.

► Grid Connection

An integrated grid interface cabinet facilitates a seamless connection to the low-voltage grid.

2 Year Warranty

Our warranty covers the turbine for up to 2 years, with service plans that can extend up to 20 years. A variety of service packages are available to accommodate different customer requirements.

SPECIFICATIONS

SoyutWind 100 kW

On Grid System

Rated Wind Speed	12 m/s
Cut-in Wind Speed	3 m/s
Cut-out Wind Speed	25 m/s
Rotor Diameter	22 m
Swept Area	378 m ²
Tower Height	25 m - 30 m
Operating Temperature	-30 °C – + 50 °C
Blade Type	Fiberglass Composite
Tower Type	Tubular Steel / Steel Lattice
Yaw System	Electric
Pitch Control	Yes
Control System	PLC
Brake	Electromagnetic / Hydraulic
Alternator	Synchronous / Asynchronous / 3 Phase (PMG)
Voltage	110/220/400 VAC - 50/60 Hz
Wind Speed Sensor	Yes
Temperature Sensor	Yes
Remote Control and Monitoring	Yes
Lightning Protection	Yes
